# Welcome to the Big Show Western Hunting & Conservation Expo

Welcome to the 4th Annual Western Hunting & Conservation Expo. The Mule Deer Foundation and Sportsmen for Fish & Wildlife have joined together to produce one of the finest conservation and sporting events in the West. Two Great Organizations – One Grand Show! Your attendance and purchases help ensure the conservation of our wildlife and wild lands and the future of our hunting and sporting heritage. Thank you for joining us.

This year, our four-day event features 400 exhibits offering the finest guides, outfitters, professional hunters, artists, taxidermists, jewelers, furriers and purveyors of fine guns, knives, optics, clothing and sporting equipment for the discerning sportsmen and sportswomen.

We invite you to peruse, enjoy and purchase from our outstanding vendors and attend our informative seminars from industry greats. Our world-class banquets feature celebrity speakers, guests and new this year, top name entertainment from some of country music's superstars. Our legendary auctions, in addition to hunts, trips, art and gear, include 50 special state, provincial and tribal permits – more than anywhere on earth. Ladies, you will not want to miss the Ladies Black and White Brunch, featuring live and silent auctions with the energetic action of dueling pianos as the entertainment. There is something for everyone at the 2010 Western Hunting & Conservation Expo.

As an attendee, you have the exclusive opportunity to enter drawings for 202 premier Utah big game tags including, bighorn sheep, desert sheep, mule deer, elk, bison, antelope, black bear, cougar, moose and mountain goat. Five tags are featured for non-residents only and new this year – a chance to win one of two dall sheep hunts. Stop by the Utah Tags Registration counter for your chance to win! There will also be Exhibit Hall Drawings for tags, hunts and merchandise; including (5) Sheep Hunts. The Full Curl™ Society, dedicated to sheep conservation, will hold their inaugural meeting at the Expo.

The Western Hunting & Conservation Expo is made possible only by the generous support of our corporate sponsors, exhibitors, donors, members and guests. On behalf of our collective Board of Directors and Staff, we thank you for your support, patronage and attendance. Enjoy the Expo!

## TERMS OF SALE

The Western Hunting & Conservation Expo (WHCE) is organized to benefit wildlife conservation in conjunction with the Mule Deer Foundation (MDF) and Sportsmen for Fish & Wildlife (SFW) by

generating funds through the auction of items donated by individuals and companies.

Any bid made at a WHCE Auction, whether in person at a live auction, by telephone, or at a silent auction, constitutes an unconditional offer to buy the item in question at the price bid. Unless a higher and subsequent bid is made, your bid creates a binding contract of purchase and obligates you to sign the bid ticket, or, in the case of a telephone bid, authorizes the person who took the bid to sign on your behalf AND requires that the bid amount be paid prior to the close of the auction. In the event that the successful bid was made by telephone, the bid price must be received by either MDF or SFW, whoever offered the item for auction, before the close of the fifth business day after the close of the auction.

The auctioneer has the final authority on the amount paid for an item and/or the identity of the purchaser of the item.

Any failure of compliance with the provision above may result in additional costs incurred due to non-compliance and will be the responsibility of the purchaser.

All goods in the live and silent auctions and fund-raising areas have been acquired or obtained from third parties. The purchaser acknowledges that the goods have not been inspected by WHCE and it is advised in the case of jewelry, firearms, knives, bullets, and/or other weapons to obtain a competent inspection and test of the goods before use. The goods sold in both the live and silent auctions are sold "As Is" with all faults and defects, and without any express or implied warranty on the part of WHCE, MDF or SFW. WHCE, MDF and SFW do not accept any liability or responsibility for any product, design or use. Any written warranties on the goods delivered to the high bidder are those solely of the manufacturer, and /or their agents, and shall be the sole liability and responsibility of the manufacturer.

All services, hunts or otherwise, in the live and silent auctions and fund-raising areas have been acquired for and are to be furnished by third parties and contain the same reservation set forth under "goods" outlined above. No services in the live auction are to be or will be performed by WHCE, MDF or SFW. WHCE, MDF and SFW shall bear no responsibilities for the delivery or quality of any of the services, or for any loss or damages arising from or related to or connected with the performance or non-performance of such services.

WHCE reserves the right to add items to the auctions as additional donations become available.

Minnesota boasts one of highest bear populations in the United States. Arrowhead Wilderness Lodge is located in northeastern Minnesota near Lake Superior. The area hunted is in Superior National Forest and Finland State Forest. Bear densities are some of the highest in the state, with good numbers of big bears. Hunting is done over bait and we guarantee an active bait for every hunter. Comfortable and secure stands are placed for relatively close shots. Hunters are escorted to and from stands. Recovery, field dressing, skinning and meat care is all included as part of your stay. Arrowhead caters to all types of hunting – archery, rifle, muzzleloader and hand gun. Minnesota has a lottery for bear tags and we will assist you with your application. The hunting area has a high draw success rate.

We hunt an area of approximately 25 mile radius around the lodge. Much of the hunting is done from ATV's. You are welcome to bring your own machines. We have been hunting this area since 1978 with outstanding success. We average over 80% of our hunters having a good opportunity to take a bear. You will find our knowledge of bears entertaining and educational.

We cater to your guest on your hunt as well. There are good opportunities for sightseeing with many tourist attractions within a reasonable drive. The area is also known for good fishing as well. Grouse hunting and archery deer hunting can be added the third week of the bear hunt. Brian and Donovan along with their guides and staff will insure that you have a quality hunt and guarantee you a comfortable stay at Arrowhead Wilderness Lodge. Offered by the Mule Deer Foundation. Nevada's elk herds continue to expand and grow with the statewide population at an all time high of over 11,000 elk! The trophy bull hunter in Nevada has so many choices to search for that elusive 400-class bull than they had a decade ago. Whether it is the awe-inspiring aspen groves of the Monitor Range or high elevation mahogany patches of the Schell Creek and Egan Ranges, our older established herds continue to produce huge bulls. But, even more exciting, are new areas that are only now being explored and hold monster bulls that have seen very limited hunting pressure. The White Pine and Cherry Creek Ranges, and the Clover and Delamar Mountains are just a few new areas that have the potential to produce the new state record bull! This tag allows any licensed hunter to take one elk by any legal weapon. This tag is valid in all elk management units open in the 2010 season. Offered by the Mule Deer Foundation.
